
Assessment Statement

LRQA Italy S.r.l. was commissioned by

Emerson Automation Solutions - Progea Srl

Via G. D'Annunzio 295, Modena 41123, Italy

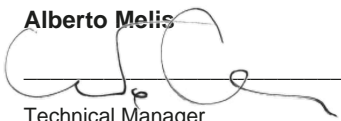

to assess the product features of "Movicon.NExT™" version 4.2 according to the standard

IEC 62443-3-3 Industrial communication networks – Network and system security – Part 3-3: System security requirements and security levels.

Based on the evidence of the Assessment Visit conducted on 27 June, and 14,17, 22 July 2022 the product "Movicon.NExT™" version 4.2 has been found developed by taking into account the requirements of the mentioned IEC standard.

All detected issues were communicated to the Organization and documented in the audit report (LRC00001153/5310914 Rev 0 29/7/2022) to which reference is made for further details.
